### Intent:

The initial appropriation structure created for the Department of Children & Families (DCF) in 2007 Wisconsin Act 20 was derived from appropriations transferred from the departments of Health and Family Services (DHFS) and Workforce Development (DWD). Some funds previously budgeted in DWD for transfer to DHFS are now reflected in two sets of appropriations within DCF. In addition, subsequent to enactment of Act 20, it was determined that the Women Infants & Children (WIC) program and the federal Temporary Food Assistance Program (TFAP) should remain in the Department of Health Services. As a result, DCF's appropriation structure contains a number of anomalies and redundancies. The purpose of this decision item and associated statutory changes is to promote clearer, more accurate budgeting and more efficient accounting. The WIC/TFAP transfer is addressed in a separate DIN.

## Statutory Modifications

### Department of Children and Families 2009-11 Biennial Budget

**DIN:** 5100

**Topic:** Reorganization of department appropriations

#### Description of Change:

The initial appropriation structure created for the Department of Children and Families in 2007 Wisconsin Act 20 was derived from appropriations transferred from the departments of Health and Family Services (DHFS) and Workforce Development (DWD). Some funds previously budgeted in DWD for transfer to DHFS are now reflected in two sets of appropriations within DCF. In addition, subsequent to enactment of Act 20, it was determined that the Women Infants and Children (WIC) program and the federal Temporary Food Assistance Program (TFAP) should remain in the Department of Health Services. As a result, DCF's appropriation structure contains a number of anomalies and redundancies. The purpose of this decision item and associated statutory changes is to promote clearer, more accurate budgeting and more efficient accounting. The WIC/TFAP transfer is addressed in a separate DIN.

#### Requested Change:

1. Renumber the appropriation under s.20.437 (2) (ab) to s.20.437 (1) (ab). *Conform*
2. Renumber the appropriation under s.20.437 (2) (ac) to s.20.437 (1) (ac). *48,983 (2)*
- PJK 3. Repeal the appropriation under s.20.437 (2) (m).
- PJK 4. Amend the appropriation under s.20.437 (2) (nL) to delete the phrase, "except that the following amounts shall lapse from this appropriation to the general fund: in each calendar year, 55% of the federal moneys made available to support the prosecution of welfare fraud in this state, as determined by the secretary of administration."
- PJK 5. Amend the appropriation under s.20.437 (2) (ma) as follows: "All moneys received from the federal government ~~or any of its agencies~~ for specific ~~limited term~~ projects, to be expended as ~~aids to individuals or organizations or as local assistance~~ for the project purposes specified, and ~~all moneys received from the federal government or any of its agencies for the state~~ their administration of specific limited term projects to be expended for the purposes specified."

- (8) (3) (cont.)  
not immediately  
identifiable w/  
specific program
6. Rename and amend the appropriation under s.20.437 (3) (n) to create a similar appropriation as the one above, but distinguishing the two: (n) ~~*Federal program operations*~~ *Federal project activities*. All moneys received from the federal government, except as otherwise appropriated under this section, ~~or any of its agencies for state administration of continuing programs~~ to be expended for the purposes received specified.”
  7. Repeal the appropriation under s.20.437 (3) (m).
  8. Repeal the appropriation under s.20.437 (3) (ma).
  9. Repeal the appropriation under s.20.437 (3) (mb).
  10. Repeal the appropriation under s.20.437 (3) (na).
  11. Repeal the appropriation under s.20.437 (3) (nL).
  12. Amend the definition of the appropriation under s.20.437 (3) (jb) along the following lines to distinguish it from the overlapping definition at s.20.437 (2) (jb), “All moneys received, except those credited to the appropriation account under s.20.437 (2) (jb), from fees charged for providing state mailings....”
  13. Amend the appropriation under s.20.437 (3) (mc) to insert the phrase “except as otherwise appropriated under this section,” to distinguish the appropriation from the appropriations for “all moneys” from block grants that are appropriated to the department under s.20.437 (2).
  14. Repeal the appropriation under s.20.437 (3) (me) and amend the appropriation under s.20.437 (3) (md) to read, “All block grant moneys received from the federal government ~~or any of its agencies~~, except as otherwise appropriated under this section, to be expended as aids to individuals or organizations or local assistance.”

#### **Justification:**

1. The appropriations under s.20.437 (2) (ab) and (ac) should be renumbered to program 1, the appropriations under s.20.437 (1) because they are more consistent with the purposes of other programs included in program 1 and less consistent with the economic support programs included in program 2. The appropriation under s.20.437 (2) (ab), “*Child abuse and neglect prevention grants*” includes targeted home visiting grants and universal home visiting grants, as well as child abuse and neglect prevention grants.” Assuming this is renumbered, the appropriation under s.20.437 (2) (ac), “*Child abuse and neglect prevention technical assistance*” should be renumbered to the same portion of the department’s program structure. Under s.20.437 (1), neither paragraph (ab) nor paragraph (ac) are currently used, so a simple renumbering will accomplish the request.

2. The appropriation under s.20.437 (2) (m) should be repealed because its purposes are completely redundant with those defined by the appropriation under s.20.437 (2) (ma). The definition of the appropriation under s.20.437 (2) (ma) reflects a previous consolidation of appropriations for miscellaneous grants related to the economic support programs but not included within the definitions of appropriations for child support, child care, or other federal block-grant funds. However, the definition of the appropriation under s.20.437 (2) (ma) can be further summarized to delete the unnecessary reference to "limited term" projects. To a large degree, the term of a federal project is defined by the grant received and it is unnecessary to use different appropriations solely due to how long federal funding is anticipated to be available.
3. The definition of the appropriation under s.20.437 (2) (nL) contains the phrase, "except that the following amounts shall lapse from this appropriation to the general fund: in each calendar year, 55% of the federal moneys made available to support the prosecution of welfare fraud in this state, as determined by the secretary of administration," which should be deleted because, to the knowledge of anyone in the department, no such funds meeting this description have ever been received by the state. Presumably, at some point over 10 years ago the possibility of receiving such funds was anticipated. However, if such federal funds were to be received, it is unlikely that they could be lapsed to the general fund; most often, federal funds are provided to reimburse state expenditures for specific activities. Further if such funds were received and were, in fact, lapsable, it would be confusing to administer a lapse requirement on a calendar-year basis rather than a state fiscal year, and the existence of this requirement would restrict state flexibility to target the prosecution of welfare fraud. Last, as reflected in the appropriation title, this appropriation is primarily used for child support local-assistance expenditures. The inclusion of this reference in the appropriation definition is a perennial cause of questions and confusion.
4. The other changes requested would accomplish consolidation of appropriations for federal grants within the "General Administration" portion of the department's appropriation schedule, and distinguish them from other appropriations in the schedule for the department. Specific paragraphs are proposed for repeal or retention based on which now include positions or funding. Repeal of unnecessary appropriations will in some cases, such as s.20.437 (3) (me), also avoid some possible confusion with similarly numbered appropriations in other parts of the schedule and/or the schedules that existed in DWD and DHFS prior to DCF's creation. The requested revision of the definition of the appropriation at s.20.437 (3) (n) to read, "All moneys received from the federal government, except as otherwise appropriated under this section, to be expended for the purposes received" will ensure that DCF has an appropriation, similar to the DWD appropriation under s.20.445 (1) (m) that is defined generally enough to permit acceptance of any federal grant that does not fit within other more specific appropriation definitions. As a result, more specific appropriations based on whether funds are expended for aids or local assistance, or "limited term" or "continuing" projects, are unnecessary, particularly under s.20.437 (3), which relates to the general administration of the department.

***Analysis by the Legislative Reference Bureau***

**HEALTH AND HUMAN SERVICES** ✓

**CHILDREN** ✓

Under current law, the appropriations to DCF for child abuse and neglect prevention grants and technical assistance and training are listed in the appropriation schedule and text under the economic support program of DCF. This bill moves those appropriations to the children and family services program of DCF. The bill also repeals various appropriations of federal moneys that are listed in the appropriation schedule and text under the general administration program of DCF and distinguishes the remaining appropriations of federal moneys under that program from similar appropriations listed under the children and family services and economic support programs of DCF. Similarly, the bill distinguishes the gifts and grants and fees for administrative services appropriations of DCF that are listed under those three programs. → *Insert A-PJK*

Your drafting instructions call for distinguishing s. 20.437 (3) (jb) from s. 20.437 (2) (jb). There is also a s. 20.437 (1) (jb), so all three appropriations need to be distinguished from each other. Accordingly, this draft amends s. 20.437 (1) (jb), (2) (jb), and (3) (jb) to distinguish those drafts from each other. The draft similarly distinguishes s. 20.437 (1) (i), (2) (i), and (3) (i) relating to gifts and grants.

*Analysis by the Legislative Reference Bureau*

**HEALTH AND HUMAN SERVICES**

**CHILDREN**

Under current law, the appropriations to DCF for child abuse and neglect prevention grants and technical assistance and training are listed in the appropriation schedule and text under the economic support program of DCF. This bill moves those appropriations to the children and family services program of DCF. The bill also repeals various appropriations of federal moneys that are listed in the appropriation schedule and text under the general administration program of DCF and distinguishes the remaining appropriations of federal moneys under that program from similar appropriations listed under the children and family services and economic support programs of DCF. Similarly, the bill distinguishes the gifts and grants and fees for administrative services appropriations of DCF that are listed under those three programs. The bill also combines two appropriations that are redundant of each other into one appropriation and eliminates language in another appropriation that refers to a lapse that does not occur.
